

23 German War Criminals Have 30 Days Grace For Nov. 20 Trial

Nuernberg, Oct. 19 (AP)—The world's first great war criminals trial of 24 high Nazis and German militarists and industrialists will begin in Nuernberg on Nov. 20, the international military tribunal announced today.

The 24th defendant, Martin Bormann, apparently still is at large and probably will be tried in absentia.

The indictments were served on the defendants—politicians, militarists, industrialists and other functionaries in Hitler's Nazi regime—at 2:15 p. m. (8:15 a. m. Eastern Standard Time).

Maj. Anthony Neave, a British lawyer, gave copies of the 24,000-word accusation to the men in their carefully guarded cells. He explained to all exactly what their rights were.

Was Nazi Prisoner
Neave, in his military career, was captured by the Germans in the British retreat from Dunkerque. He escaped from a German prison camp in 1944.

The indictments were served on Hermann Goering, Rudolf Hess, Joachim von Ribbentrop, Robert Ley, Wilhelm Keitel, Ernst Kaltenbrunner, Alfred Rosenberg, Hans Frank, Wilhelm Frick, Julius Streicher, Walther Funk, Hjalmar Schacht, Gustav Krupp von Bohlen und Halbach, Karl Doenitz, Erich Raeder, Baldur von Schirach, Fritz Sauckel, Alfred Jodl, Franz von Papen, Arthur Seips-Inquart, Albert Speer, Constantin von Neurath and Hans Fritzsche.

The formal indictment was presented yesterday in Berlin to the court which will try this greatest war crimes case in history. Judges and prosecutors of the United States, Russia, Great Britain and France participated.

30 Days To Prepare
The defendants have 30 days in which to prepare their defenses.

The survivors of Hitler's regime, which sought at the cost estimated at 10,000,000 lives to dominate the world, were charged individually and collectively with conspiring to wage war—a crime against humanity.

In addition to the individuals, the prosecution will attempt to establish the responsibility of seven Nazi organizations—the German general staff and the high command, the German cabinet, the leadership corps of the Nazi party, the SS or Elite Guard, the Gestapo, the storm troopers and the SD or secret service.

Mass Murders
The indictment charges a common plan or conspiracy to overthrow the Treaty of Versailles, rearm Germany and to acquire territory for Germany by any means, including "force and aggressive war." The defendants are accused of crimes against peace and of planning and waging war against Poland, Britain, France, Denmark, Norway, Belgium, Holland, Luxembourg, Yugoslavia, Greece, Russia and the United States.

Moreover, the Nazis were accused of waging total war and "deliberate" attempts at extermination of racial and national groups. Mass murders were charged in Russia, Poland and the Balkans, where the indictment said 9,465,000 persons were killed. "Thousands" of others died by gunfire and executions elsewhere, the charge said.

The defendants also were accused of complicity in crimes against humanity in countries which the Nazis occupied, piracy on the high seas, and of murdering and persecuting any person suspected of hostility to the Nazi party and its plan for expansion in Europe.

Girl Scout Heads Plan Observance

Mrs. Floyd Carroll of Gettysburg was enrolled as a new member of the Adams County Girl Scout Leaders club at a meeting Wednesday evening in York Springs with 19 present. The meeting was held in the engine house.

After the meeting, Miss Marian Tupper, Lone Troop consultant, had charge of an entertainment program that included singing, games and folk dancing. The next meeting will be held in East Berlin with Mrs. Robert Lau and plaster of paris handicraft will be demonstrated.

PRICE THREE CENTS

TWO CONCERTS ANNOUNCED FOR VICTORY DRIVE

Victory bond buyers of Adams county during the forthcoming eighth and final war bond campaign will have an opportunity to hear two splendid concerts by servicemen's organizations, Edmund W. Thomas, chairman of the Adams County War Finance committee, informed committee chairmen at a meeting Friday afternoon.

The Infantry Concert Group, rated by music critics as the "finest all-servicemen's musical organization" will present a concert in Brua Chapel on Friday, November 9. This group appeared in a concert here during the "Mighty Seventh" war loan drive and scored such a decided hit that they are being brought back for a return engagement upon popular request.

No Reserved Seats

A feature of this concert is that admission will be open to any buyer of a Victory bond, series E, regardless of denomination. There will not be a reserved seat section. The entire seating capacity of Brua Chapel is being thrown open to the buyers of series E Victory bonds. Victory bond certificates will be exchanged, for tickets to the concert, at the Majestic theatre. The date for the exchange of certificates will be announced later.

The second concert will be by the Infantry Combat Band, comprising 60 pieces, in the Majestic theatre on Thursday, December 6.

The theatre will be sealed for admission to buyers of any type of Victory bond. Orchestra seats, of course, will be available to buyers of Victory bonds of the larger denomination. Announcement of the scale of the theatre will be made later.

To Present Skits

Included with the Infantry Combat band concert will be the presentation of several skits which will intersperse the musical selections.

Chairman Thomas announced that an all-soldier show will not be presented in Gettysburg for the final bond drive. The two concerts will replace the show, he said.

All volunteer workers of the county war finance committee will be guests at a dinner at the Hotel Gettysburg on Tuesday, October 30, at which final details and plans for the Victory Loan campaign will be announced. The committee in charge of arrangements includes: Mrs. C. Ross Shuman, Mrs. Paul Kinsey, Mrs. Frank Kramer and Mrs. E. W. Thomas.

Those attending Friday's meeting included Mr. Thomas, Mrs. Kramer, Mrs. Shuman, Mrs. Harold Pegg, Paul Thomas and Paul L. Roy.

Wife Collapses At Husband's Hearing

William Sinner, East Berlin, a rural mail carrier, was given a hearing before Justice of the Peace John H. Basehore Thursday night on a serious charge involving two boys, 10 and 13 years old. The case was held under advisement by the justice.

COLLEGE PROF. IS PROMOTED TO ARMY MAJOR

service in 1942, from the rank of captain to major, is contained in a letter from Dr. Sloat to a friend in Gettysburg.

"Today I stopped in Munich and learned that I had been promoted to major," wrote Dr. Sloat from Pfaffenhofen, Bavaria. He is attached to the military government personnel of American occupation forces in that section of Germany.

Major Sloat left the United States in February, 1944. He attended classes on military government at the American School Center, Shri-venham, England, the Peal House police school, London, at which the London bobbies are trained, the British Civil Affairs School at Wimbledon and the American Training Center at Manchester.

Named Commander
On Sept. 18, 1944, he became detachment commander of I 13 H 2 and left for the First Army Military Government Center at Werviers, Belgium.

"My detachment," he wrote, "has been located at Breinig, Walheim, Liege, Belgium, Francochier, Tirlmont, Kalteherburg, Eshriker, Ellendorf, Duren, Frechen and Pfaffenhofen. We have served under the 1st, 9th, 15th and 3rd Armies; the 7th, 9th, 15th, 3rd, 22nd, and 20th corps; the 3rd, armored, the 104th, the 8th, the 30th, the 86th, the 82nd, and the 9th, divisions and the 74th FA groups.

"I have four battle stars, Northern France, the Ardennes, known as the Battle of the Bulge, the Rhineland and Central Germany.

"I presume my narrowest escape occurred when a German 88 shell hit a pine tree in our front yard in Walheim and a piece of shell fragment knocked the hinge off of one bedroom window and landed on the opposite side at the head of my bed. The buzz-bombings that I underwent in London and the various air raids were not so nice either."

Eager to Return
Major Sloat wrote that he will have only one of his original enlisted personnel left because of the redeployment program and expects to lose him soon.

"Three are leaving tomorrow for home. Two are in England on furlough and one is in the hospital. It's going to be a tough job training entirely new enlisted personnel to carry on the work of military government.

"I'm looking forward, too, to the day I can get back and resume my position at the college. I believe it will not be too long."

ASK REPORT ON CONCERT DRIVE

Members of the Gettysburg Concert association who are enrolling new members and re-enrolling old members in the current membership drive are urged to report the result of their efforts to the association headquarters in the lobby of the Hotel Gettysburg as soon as possible.

Only a few of the workers have submitted reports thus far, but they have been insufficient to enable those in charge of the campaign to ascertain how the drive is progressing.

"We should have a report from every worker Saturday morning in order to determine the progress of the drive," one official said. "In this way we will know what action shall be taken during the last days of the campaign. In several instances during past years we oversold our membership quota because some of the workers had not submitted reports. We do not want this to occur again. It is important that we have reports on Saturday morning, either in person or by telephone. The telephone number is 672."

The campaign closes at 9 o'clock Saturday evening.

Those persons who have not been contacted by one of the workers and are interested in attending the series of three concerts to be given here this winter may secure their membership cards at the headquarters in the Hotel Gettysburg any time before 9 p. m. Saturday.

Allies Have Proof That Japs Ordered Prisoners Killed

By DUANE HENNESSY

Tokyo Oct. 19 (AP)—Written Japanese army and navy orders that called for the killing of Allied prisoners of war on the slightest provocation were captured in combat and are held in files at General MacArthur's headquarters, it was learned today.

These orders made such an impression on the troops that one member of the Japanese 53rd Infantry Regiment reminded himself in his diary, now in MacArthur's files:

"Kill as many prisoners as possible. If the situation allows, make them work."

In June, 1943, the commander of the first platoon of the No. 2 Sasebo detachment ordered:

"Should any doubt arise in connection with the treatment of prisoners, those who display hostile feeling should be disposed of vigorously and without mercy."

William Shryock Now In Sasebo, Japan

Mr. and Mrs. Jesse Shryock, York, formerly of Gettysburg, have received word their son, William H.A. 1-C, has arrived safely in Sasebo, Kyushu, Japan.

Shryock enlisted in the Navy in July, 1943, and in December was transferred to the 5th Amphibious Corps of the Fleet Marines. During his 19 months overseas he saw service on Saipan and Iwo Jima and from the latter place was transferred to a rest camp in Maui. At the present time Shryock's corps occupies a large Naval hospital in Sasebo.

SAYS RUSSIANS SEEK TO GUARD THEIR FUTURE

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

The house committee studying the control of atomic energy was told yesterday that there are two schools of thought on the subject, one favoring production for peaceful ends and the other wanting more bombs "so we can blast the hell out of Russia before Russia blasts the hell out of us."

First it must be said that the witness, Dr. Leo Szilard of the University of Chicago, was by no means advocating such a policy against Russia, but was bringing into the open what he considered a dangerous attitude. Also, there seems to be as many schools of thought about atomic control as there are thinkers. But the point is that the scientist considered it worthwhile to bring up the Russian angle.

Oppose Use of Bomb

As a matter of fact, it is extremely doubtful if you could find anyone who would advocate use of the atomic bomb against Russia, or anyone else, today or any given day.

Some years ago Russian leaders were talking about the necessity for cramming their ideas down the throat of the rest of the world. Except that they established rather tenuous liaison with communist parties in other countries, they did little if any more about it than the capitalist democracies have done and are doing to promulgate their own ideas abroad. But the world became much afraid.

Then Russia, with a great war on her outskirts, got the idea that the neighbors who weren't with her were against her, and began occupying strategic territory in Finland, along the Baltic, in the Balkans and Poland.

During and since the war Russia has taken the attitude that, regardless of worldwide peace efforts, she had to first look after spots which might directly trouble her. Whether a charge of imperialism can be made to stick in this question is at least debatable, just as there have been many debates over America's war with Mexico, and such incidents as the occupations of Nicaragua and Haiti.

Unfair Attitude

To talk about going to war with Russia now, because of certain acts which violate the western conscience, is to condemn the long view without giving it a chance.

This is not an apology for Russia. It is just to point out that few nations, like few people, ever are in position to pass absolute judgments on others; that the Russians are sensitive, still resentful of past ideological encirclement, and that talk of "blasting hell" out of them can only handicap sincere people everywhere in their search for international solutions.

POINT COST OF BUTTER MAY GO DOWN; PRICE UP

Washington, Oct. 19 (AP)—Butter may cost fewer red points next month. But housewives probably will shell out more cold cash for it.

They are likely to pay five to six cents more a pound beginning November 8. That's because cancellation of a government subsidy to butter processors will push up retail ceiling prices that much.

On the other hand, there is a good possibility that the current butter ration value of 12 points a pound may be cut to eight, effective October 28.

One reason, said food officials who asked anonymity, is the recent release by the army of 80,000,000 pounds of butter.

At the same time there was an indication that the better cuts of meat will continue to be rationed in November: OPA already is printing meat point charts for next month.

Cut Other Subsidies

Withdrawal of the five-cent-a-pound butter subsidy, effective October 31, marks the beginning of the end of this wartime method of handling food cost problems.

Secretary of Agriculture Anderson has said that all but a very few of these food subsidies, costing around \$1,500,000,000 a year, will have been discontinued by next July.

They cover such commodities as meat, flour, some canned vegetables, sugar, milk and other dairy products. The sugar subsidy is one of the few expected to last a while.

These subsidies—paid from taxes—had a two-fold purpose during the war:

1. To hold down retail food prices by compensating farmers and processors for increased production costs. (It was figured that if retail prices went up, the greatest burden would be on low-income families which spend a large percentage of their earnings on food.)

2. To encourage production of food in order to meet terrific wartime demand.

Washington, Oct. 19 (AP)—The position of the treasury Oct. 17: Receipts \$69,880,758.31; expenditures \$175,956,458.65; balance \$13,856,909,093.75; total debt \$262,146,038.89; decrease under previous day \$8,449,079.99.

(2) By that date the Navy will have all the 500,000 men it needs in the form of 323,000 regulars and 177,000 volunteers, because volunteers are coming in at the rate of 16,000 a month.

Jewish Immigration Problem Simmering

Washington, Oct. 19 (AP)—The issue of additional Jewish immigration to Arab-dominated Palestine simmered in Washington again today in the wake of these rapidly-consecutive events:

1. President Truman disclosed that British Prime Minister Attlee considers too high an American proposal that 100,000 homeless European Jews be admitted to Palestine immediately.

2. Secretary of State Byrnes asserted the United States would not support any final decision on the Palestine matter "without full consultation with both Jews and Arabs."

3. Byrnes made public a letter President Roosevelt wrote one week before his death to King Ibn Saud of Saudi Arabia, promising he would take no action "hostile to the Arab people."

4. The Syrian Legion issued a 2,000-word letter Ibn Saud wrote to Mr. Roosevelt March 10, asserting that Allied support of Zionism would mean "fires of war" and bloodshed between Arabs and Jews.

OWLS BATTLE WEST VIRGINIA THIS EVENING

By LEE LINDER
Philadelphia, Oct. 19 (AP)—The high-scoring Owls of Temple university bait their undefeated, untied cord with the rugged West Virginia Mountaineers tonight—and the odds predict the trap will be sprung with victory No. 4 for the templars by a three-touchdown margin at least.

The contest marks the mid season recheck for Pennsylvania's collegiate football and starts a busy week-end for 15 Keystone state schools.

Temple's point-makers have racked up 130 points, the highest scoring record in the east, but West Virginia doesn't expect to be kicked around.

Owl Coach Ray Morrison remembers the Mountaineers surprised with 6-0 upset a year ago. He'd settle for a one-point victory right now.

Penn State vs. Bucknell
"Certainly," he warns, "West Virginia isn't going to be as easy as IYU (59-0) and Bucknell (64-0) the last two weeks."

West Chester Teachers invades Delaware tonight.

Penn State, tossed rudely from the unbeaten lists by a strong Navy team, pounces on weak Bucknell tomorrow. The Nittany Lions are rated four touchdowns better than the Bisons, currently sporting a four-game losing streak.

Lehigh university opens its season against Muhlenberg. In its first game in more than two years, the Engineers should hand the Mules its fifth straight defeat.

Lafayette collides with Kings Point, (N. Y.). Merchant Marine; Drexel meets Haverford; Scranton plays Atlantic City Naval Air Station; Lock Haven State Teachers tackles Bloomsburg Teachers and Washington and Jefferson meets Fairmont State Teachers in other games tomorrow.

The Red and Blue of Pennsylvania does not play this week-end, but Coach George Munger says the Quakers will not take it easy.

"After all," he says, "we have to meet Navy next week—and that's no breather."

Villanova plays its first game before home-town fans Sunday afternoon, when the Detroit University Titans invade the Shibe Park gridiron.

Sightless Vets Split In Races

Philadelphia, Oct. 19 (AP) — A navy-marine boat crew—all blind—dipped its oars evenly into the Schuylkill to defeat army oarsmen in the second annual blind veterans' rowing regatta yesterday.

The sightless GIs, however, stroked to victory in the second race, evening the contest. Then the crews, representing the Philadelphia Naval hospital and the Valley Forge Army hospital, officially ended the regatta season by dumping their coxswains overboard.

Sgt. Joe Dupon, of Plaquemine, La., paced the navy-marine crew to triumph by a half length over the half-mile course. He survived three years in a Jap prison camp.

A Tampa, Fla., butcher, S. Sgt. Julian Brown, who lived through the death march on Bataan but lost his sight from malnutrition stroked the army.

Anticipate Close Game Here Tonight

Tonight two victory-starved football teams will clash on the Gettysburg high school football field when the Maroons engage Shippensburg high in a Southern Pennsylvania conference game. Neither team has won a game this season. The tilt will start at 8 o'clock.

Each team enters the game this evening feeling that a loss will relegate it to the cellar position in the final conference standing. Both Coaches Bill Ridinger and Dave Day will "shoot the works" in an effort to put their teams into the win column for the first time.

Whereas the Greyhounds are expected to stick mostly to a ground attack due to their big weight advantage, the Maroons will undoubtedly fill the air with passes.

Shippensburg rules a slight favorite on the basis of previous performances. However, Coach Ridinger's lads are primed for their best game of the season and a close contest is anticipated.

PITT MENTOR IS CONFIDENT

Pittsburgh, Oct. 19 (AP)—The underdog Pitt Panthers could surprise a lot of people by beating Notre Dame tomorrow but their coach Clark Shaughnessy won't be one of them.

"Personally I don't think Notre Dame has a very superior team," the gray-haired pilot said. "I question whether Notre Dame is good enough to take our measure Saturday."

The Pitt mentor and his squad have been brewing special "T" for the Irish during the past three weeks a fact Shaughnessy is inclined to blame for the Panthers' defeat by Michigan State last week-end.

"We just didn't play a good game against Michigan State," he admitted. "We didn't expect to play a good game our sights were on Notre Dame, but we did expect to win."

One reason Shaughnessy expects an improvement over the last two Notre Dame meetings which resulted in 41-0 and 58-0 scores are quarterback Jack Smodic and Bill Wolfe.

Pitt will be at full strength for the contest although left tackle Tony Chuffi has been absent all week due to the death of his grandmother in Rochester, Pa.

Notre Dame's squad of 36 players was to arrive here early this morning, a final tuneup practice was scheduled for this afternoon at Pitt stadium.

BIGLER SCRUBS DOWN MAROONS

Scoring touchdowns in the first and third periods, the Biglerville high school reserves won their second victory of the season Thursday afternoon by defeating the Gettysburg high Jayvees 14-6 in a game played on the Biglerville gridiron.

Heller, Cammer halfback, tallied both touchdowns for the winners on short line plays after Rexroth had moved the ball into the scoring zone through several nice runs. Flat passes to Bohrer and Kime produced the extra points for Biglerville.

Hottle tabbed the touchdown for Coach Fred Haehnlen's lads, taking a pass from Ridinger in the second period and then scampering about 45 yards to pay dirt. Hottle's dropkick for the extra point was just low of the cross bar.

The victory was the second in as many starts for the Canners. Rexroth, who sparked the offense, and Cristofaro, husky tackle, were outstanding for the victors.

The Maroons were a much improved team over last week but showed their lack of experience at several stages of the games. Sanders played well on the line with Hottle, Westerahl and Ridinger performing well in the backfield.

Next Friday the Haehnlen-men meet Hanover Junior high here.

Police Smash Rich "Numbers" Racket

Pittsburgh, Oct. 19 (AP)—Police who had no faith in a "for rent" sign entered an apparently empty house in the Hill district yesterday and disrupted what they said was a \$1,000,000-a-year "numbers" set-up.

Officers seized \$1,088.33 in currency, four adding machines and thousands of numbers slips. They said the layout indicated a "take" of about \$5,000 a day.

Woman Loses Life In \$25,000 Blaze

Monongahela, Pa., Oct. 19 (AP)—Fire swept three buildings in Monongahela today, causing the death of Mrs. Katherine Wulf, 45, who was trapped in a second floor apartment.

Neighbors said Mrs. Wulf might have suffered a heart attack and been suffocated after aiding her daughter through a window to the shoulders of a man who stood on the shoulders of another man.

A son, Vincent, 17, escaped by pressing a pillow against his face and running down the smoke-filled stairways.

Several spectators tried to rescue Mrs. Wulf, and one, Seaman First Class William Condie, 21, of New Eagle, suffered cuts trying to rush into the blazing building.

Property damage from the fire was estimated by firemen at \$25,000.

CANNERS FACE RED LION HIGH

Unbeaten Biglerville high school's football team will journey to Red Lion Saturday afternoon for its fourth Lower Susquehanna conference game, a contest which will have an important bearing on the final outcome of the loop race.

Coach "Hen" Bream's charges are resting in third place according to the complicated standing of the circuit while Red Lion, with a record of two wins against one setback, occupies eighth place.

Red Lion is expected to furnish the Canners with the stiffest kind of opposition. The York countians trampled Elizabethtown 30-6 last Saturday. In the opening game of the season Biglerville nosed out Elizabethtown 7-6.

Game Halts

The York countians are especially anxious to upset the Canners. Last year in a widely-publicized game played at Biglerville, Red Lion was leading 6-0 with two minutes of play remaining in the first half when the temporary lighting system failed and the contest had to be called. Red Lion sought to have the game completed from the point at which it had stopped but later it was decided to replay the entire game. A heavy rain caused postponement of the game and the teams failed to get together for the contest.

No change is anticipated in the starting lineup for the Canners. The line from the left to right side will include Walters, J. Pitzer, Miller, Sillick, Brough, Rice and VanDyke. In the backfield will be Bucher, Sandoe, Utz and D. Pitzer.

Red Lion's lineup will consist of Blessing, Grove, Stein, McGuigan, Hoffman, Snyder and Pedlow on the line with Pink, Fitzkee, Smith and Imners in the backfield.

U. S. SCIENTISTS RESENT SPEED ON A-BOMB ACT

Washington, Oct. 19 (AP)—Presidential hopes for prompt Congressional decision on atomic energy ran today into protests from a group of atom bomb scientists that Congress is over-doing the rush job.

The House Military Committee already has announced its hearings closed. It is considering a bill to place in the hands of a commission powerful domestic controls over sources and development of atomic energy.

Dr. Harold Urey, of Chicago, expressed "very great surprise at the way this legislation has been handled." Urey, who worked on the atomic bomb project at Columbia university, said the House committee held only five hours of testimony before yesterday's one-day hearing.

Stir Up Distrust
Urey said that secrecy regulations the bill proposes for peacetime workers on atomic energy are sufficient to stir deep distrust abroad and invite an international atomic bomb armament race.

He said the government ought to trust scientists to look out for the interests of the United States rather than impose a "tight censorship" on them.

After all, he said with reference to the cost of making the atomic bomb, "two billion dollars was a lot of

FAILURE

Failure is a teacher stern

Telling youth there's much to learn.

Saying, more in grief than rage:

"Look beyond the printed page!"

Writing with an acid pen:

"Wrong you were, but try again!"

Tutoring the courageous few

How to tell the false from true.

Whispering that genius makes

MENTAL TERMITES

Masterlinck the famous Belgian poet and essayist, wrote one of the world's masterpieces in his "Life of the Bee." And, a few years ago, another book of like nature was published, though dealing with that pesky, though remarkably intelligent creature known as the termite.

There are many types of termites, but the one most familiar to warm climates is the small white ant that works away—always in the dark—eating floors, building supports, and noble wood structures—until they fall—unless these termites are overpowered and exterminated.

As a study, the termite is a wonderful creature. But there is nothing lovable about him for he lives upon destruction.

I have been thinking about the human mind and the termites that infest it. This mental termite takes on different names—jealousy, envy, gossip, unintelligent and foolish ideas, worry, vulgarity of thought, cynicism, slander—in fact, anything that tends to undermine one's own mind, or the mind of another, is a mental termite.

The termite pest cannot live in the light. Mental termites, as well, work in the dark. They cannot work in healthy minds, or in minds that radiate light.

These mental termites work in books, too, and always amongst the idle and selfish. Amongst the gentle, the kindly, the courageous, termites have no being. I have viewed wicked termites in plays upon the stage, and in the columns of newspapers. They eat away upon live material, honeycombing it with destruction.

We look after our homes and guard them against destruction from the tiny ant termite. How much more important to guard our minds and characters against the more deadly mental destroyers!

Tomorrow Mr. Adams will talk on the subject: "The Glory of Autumn"

Yanks Killed In Crash Of Plane

Peiping, Oct. 17 (Delayed)—More than 50 Chinese troops and an American crew were killed today when a troopship crashed attempting to land at Nanyuan airfield near here.

The plane was one of the first arriving with Chinese government troops on an accelerated schedule under which 29 planes began bringing the soldiers from Shanghai to Nanyuan.

(The cable did not specify the number of crew members killed or the type of plane.)

Just before the arrivals, Nanyuan was the scene of another surrender ceremony. When it came time to surrender their swords, one Japanese abashedly explained that he had let an American officer talk him out of his before the ceremony.

The military pipeline system completed in Europe has a capacity of 150,000 barrels of gasoline daily, delivered through 3,446 miles of pipe.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTEEN YEARS AGO

Farmers' Day Successful: The 1930 revival of Farmers' Day was pronounced a success by those in charge of Thursday's event before the occasion was many hours old.

The out-pouring of farmers, accompanied by their wives and families, exceeded the highest estimate and the exhibits were high in quality and of ample quantity.

The parade, with Henry Carbaugh, Gettysburg, as marshal, got under way at 10:45 o'clock. Music was furnished by the Gettysburg Boys' band. Parading behind the band were numerous boys and girls in unusual costumes and pushing or pulling various conveyances. Automobile dealers took advantage of the parade to advertise the newest in motor cars.

Headquarters of the Republican and Democratic county committees were well-patronized during the day.

Organize Choral Club in Adams County at St. James:

Tentative officers for an organization to be known as the Adams County Choral society were chosen at a meeting of music lovers in the chapel of St. James Lutheran church, Wednesday evening. C. W. Cook has accepted the temporary chairmanship, with Miss Cymbeline Felker, secretary and George T. Raffensperger, treasurer.

Mrs. Salome W. Sanders, of Harrisburg, who will direct the chorus, outlined the work of similar organizations in other cities.

The Rev. Earl J. Bowman presided at the meeting.

Lease Lincoln Way Inn To Hotelman:

Kenderton J. Lynch, proprietor of the Lincoln Way inn, west of Gettysburg, has announced that he leased the place for one year to A. A. Maust, formerly of the New Colonial hotel, Myersdale.

Mr. Maust took possession Thursday and Mr. and Mrs. Lynch moved to the Gott apartments, Buford avenue.

One of Mr. Maust's seven children, John Daniel Maust, is a student at Gettysburg college.

Condition Is Good:

The condition of Robert E. Berkheimer, West Middle street, superintendent of the Eagle silk mill here, who submitted to an operation for appendicitis at the Warner hospital Monday afternoon, is reported good.

New Officers Of Auxiliary Are Installed:

Newly elected officers of the Woman's auxiliary of the American Legion of Gettysburg were installed at a meeting Monday evening in the YWCA. Mrs. John Hay Smith was the installing officer.

The newly elected officers who were installed are: Mrs. George Boehner, president; Mrs. Orville Riley, first vice president; Mrs. Emma Mundorff, second vice president; Mrs. William Shover, secretary; Mrs. Leroy Winebrenner, treasurer; Mrs. Fred Haehnlein, historian, and Mrs. Dorsey Rebert, sergeant-at-arms.

Justice Brown's Funeral Is Held:

Lancaster, Pa., Oct. 14—Pennsylvania and Lancaster county paid fitting tribute to the memory of Judge Jacob Hay Brown, former chief justice of the supreme court of Pennsylvania, and son of Dr. James A. Brown, former president of Gettysburg seminary, who was buried here Monday.

Five Hundred at 150th Anniversary of Friends' Church:

Five hundred persons, a majority of them descendants of the original families of the Menallen meeting of Flora Dale and some from points as distant as Miami, Florida, and Boston, Massachusetts, attended the celebration of the 150th anniversary of the Menallen Friends meeting, Sunday.

The celebration of the 150th anniversary with a program of historical significance was held in the afternoon, with Frederick Griest, Flora Dale, presiding.

Raymond Pearson Miller, of the George school, near Philadelphia, was the principal speaker of the day.

Franklin County Girl Weds Gelbert:

Following a romance which began during the football season at Lebanon Valley college six years ago, Mabel Grace Hafer, of Chambersburg, became the bride of the World Series hero, Magnus Ott Gelbert, the "Charley" Gelbert of the St. Louis Cardinals, Thursday in Washington Memorial chapel at Valley Forge. The college sweethearts were married in the Episcopal service by the Rev. Dr. W. Herbert Burk, rector of the historic chapel.

Hospital Report:

A daughter was born to Mr. and Mrs. George Hill, Minter apartments, Baltimore street, at the Warner hospital, Friday evening.

Personal:

Mrs. Emily Ramer, Miss Mary Ramer, Baltimore street, and Miss Myra Martin, Lancaster, have returned from a week's trip to Quebec and other places in Canada.

Mrs. R. E. Zinn, Hanover street, has returned from Scranton, where last week she attended the annual convention of the state federation of Pennsylvania women.

TAKE STEPS TO BUST MICHIGAN UTILITY STRIKE

(By The Associated Press)

Federal and Michigan state officials moved today to end a strike of 2,000 CIO utility workers as emergency crews stayed on the job to maintain electric service to some 2,000,000 consumers.

John W. Gibson, special assistant to Secretary of Labor Schwellenbach, was en route to a meeting in Lansing, called by Gov. Harry F. Kelly in efforts to settle the walk-out. Union leaders were to attend but it was not known immediately whether representatives of the consumers power company would be present.

Foremen of the struck consumers power company, which services scores of communities in heavily industrialized lower Michigan, joined with non-strikers in staying in plants and sub-stations. The situation was described as "normal" by company spokesmen but union leaders said it appeared unlikely the emergency crews could continue to maintain regular service. Detroit was not affected by the walkout, which started Thursday after breakdown of negotiations for wage increases.

Call Troops, Police

Governor Kelly, who Thursday ordered 6,000 state troops and 400 state police to be ready for emergencies, said today that if necessary he would call upon "state facilities" to continue company operations. The workers, members of the CIO Michigan utility workers council, are seeking a 30 cents an hour wage increase.

Meanwhile, across the country new and continuing labor disputes kept about 457,000 workers idle, including the 216,000 soft coal miners in six states who have until Monday to obey back-to-work orders from John L. Lewis, United Mine Workers president. Some of the miners, however, went back to the pits yesterday.

One of the country's major stoppages, the walkout of 35,000 AFL longshoremen in New York harbor, was ended after 18 days, but still smoldering was the bitter fight between an insurgent group and union president Joseph P. Ryan. The controversy between the rival factions was responsible for prolonging the strike which stemmed from the Union's demand for a provision in its contract with ship owners covering the size of cargo net loads.

In Washington, the house military committee prepared to take the first move toward new anti-strike legislation. A final hearing on repeal of the Smith-Connally war labor disputes act was scheduled.

COAL MINERS ARE TREKKING BACK TO PITS

Pittsburgh, Oct. 19 (AP)—Work was resumed today at more than 50 of the 1,000-odd bituminous mines made idle by the great 27-day strike of mine bosses seeking recognition of their union.

Thousands of miners returned to their jobs.

There was every indication that by Monday, the day set by UMW President John L. Lewis in his "back-to-work" call, the great majority of 216,000 strikers would have re-entered the pits.

The steel industry, still crippled by the coal shortage, will continue curtailed operations until more fuel is available. It was hoped that full production could be resumed in 10 days or two weeks.

Carnegie-Illinois Steel Corp. said its Clairton, Pa., coke by-products plant, now running at 25 per cent of capacity, may be increased to 50 per cent next Tuesday if sufficient coal is received. More than two blast furnaces will resume operations Wednesday, a spokesman said.

To Continue Fight

John McAlpine, president of the United Clerical, Technical and Supervisory employees of the mining industry, the striking affiliate, said he joined in the Lewis back-to-work order.

He said his members felt a victory has been achieved in that the operators never realized the foremen's union had so much strength. He said the union's fight for recognition would continue.

The UMW local at the Pittsburgh Coal company's Lindley mine in Washington county, Pa., adopted a resolution asking that the work week be cut from 54 to 35 hours with no reduction in pay. The local asked a seven hour day and a five day week and suggested no increase in the price of coal would be required.

Bronxville, New York, is a guest of Mrs. J. A. Singmaster, Seminary Ridge.

Judge E. P. Miller, York street, returned from Milwaukee after attending the convention of the United Lutheran church held there.

William Pensyl, Hanover street, spent Sunday at Havre de Grace, Maryland.

Mrs. Anna Plank, of Gettysburg, and Mr. and Mrs. Howard Spangler, of Biglerville, are on a week's motor trip through the New England states.

HOPES DIM FOR REDUCTION OF EXCISE LEVIES

Washington, Oct. 19 (AP)—Prospects dimmed today for a tax reduction next July 1 on such things as whisky, fur coats and jewelry.

Heavy opposition developed within the Senate Finance Committee against cutting back the special excise levies on that date to their pre-war levels, as voted by the House in the pending tax reduction bill.

Experts estimate the half-year revenue loss from such a reduction at \$535,000,000.

Other tax cuts already approved by the committee aggregate \$4,780,000,000, and Chairman George (D., Ga.) is trying to hold the total slash to the \$5,000,000,000 limit recommended by Secretary of the Treasury Fred M. Vinson.

Suggested Changes
Motions have been made to delay the excise reductions until January 1, 1947, or even until the following July 1.

THE WAR has ended in many places. But its effects haven't. Millions of our boys must remain scattered over the earth—thousands of miles away. One of their nearest contacts with home is the U.S.O., which brings American cheer to American boys through Camp Shows given for them. The U.S.O. operates on your dollars.

OUR SHIPS—manned by our men—will be docking at foreign ports for many months to come. The men who man them are not military personnel, but their work is every bit as vital. COLONEL PERON BACK IN POWER IN ARGENTINA

By LAURENCE F. STUNTZ
Buenos Aires, Oct. 19 (AP)—Col. Juan Domingo Peron will be permitted by the army to run for president next April 7, a reliable source reported today as a stunned populace dazedly accepted his swift return to power.

But the army, patently the power behind Peron and President Edelmiro Farrell, was reported to have stipulated further that the government must remain impartial in the elections, giving no direct aid to Peron.

This source said the army, represented by the powerful Campo de Mayo garrison, had laid down conditions for Peron's return from custody to the dominating position in Argentina's violent politics.

Strike Is Ended
Evidently intent upon retaining its iron grip on the government, the army was said to have vetoed any attempt to install either Hortensio Quijano or Aramando Antille, both staunch Peron supporters, in the new cabinet. Quijano was interior minister and Antille was finance minister when Peron resigned Oct. 9 as war minister, labor minister and vice president under pressure from Campo de Mayo group.

As for Gen. Eduardo Avalos, leader of the Oct. 9 movement, who had taken Peron's post of war minister, one report said he had patched up his differences with the strong man after quitting the war ministry.

Midnight brought an official end to the 24-hour general strike which had paralyzed the capital and left it in the hands of marching demonstrators—many of them youngsters below voting age who professed allegiance to Peron because their apprentice schools had been formed by him.

It was estimated the strike had been 95 per cent effective.
In the capital three persons were wounded in a battle between Peron supporters and a group which shouted "death to Peron." In Cordoba eight were wounded in a gun battle.

GIRL RELATES TALE OF DEATH

Denver, Oct. 19 (AP)—A hysterical, partly disoriented, girl told police a story which has resulted in the arrest of a recently discharged soldier as he crouched in a car beside the body of his dead wife in a cornfield in Aurora, a Denver suburb.

The sheriff, Charles Foster, of Arapahoe county, said Joseph Desrosiers, 25, has confessed to the shooting of his bride of 10 months, Catherine, "because her mother made life a hell for us."

Denver police said Marie Woidell, 26, told them between sobs that she met Desrosiers earlier in the night at a Denver tavern, that they drove in her automobile to a point in East Denver where the veteran met his wife, and that she drove the couple about for some time before finding herself in Aurora.

As they drove along an Aurora street, Desrosiers shot his wife, police quoted the girl, and then forced Miss Woidell to drive to a cornfield where the car became mired in a ditch.

Miss Woidell told police Desrosiers ordered her to disrobe and she related that she removed her outer clothes and then snatched his jacket from him, hailed a cab and went to the Denver police headquarters.

The combined cost of the two government-sponsored pipelines, the "Big Inch," and the "Little Big Inch," was about \$145,000,000.

Mealybugs On House Plants

Sap-sucking insects may be divided into three main groups as regards their peculiar habits of growth and feeding—ordinary plant lice or aphids, scales, and mealybugs. None of these pests has regular mouth parts for eating their food, but they feed by pushing their sharp beaks into soft plant tissues and drawing out the sap. Plant lice are soft-bodied, varying in color from light green to brown and almost black. Scales live over winter beneath their grayish armor-like coats which they form from their secretion for protection against weather and other enemies. And mealybugs, while they resemble scales more than plant lice, for their protection by a whitish, fluffy coating which is quite impervious to water.

Mealybugs are slow-moving but multiply rapidly under favorable conditions. They feed on many kinds of plants but prefer the coleus, poinsettia, ferns, lantanas and several others. In fact, it is a wise precaution to suspect this foe to attack almost any plant in the absence of its choice specimens. Apparently it prefers plants having soft and succulent stems.

Perhaps the most important step in keeping mealybugs under control is to inspect all indoor plants every day or two so the first arrivals may be detected and killed promptly. There are two sound reasons for this course—First, mealybugs seriously injure plants in a few days of feeding; next, their ability to increase so rapidly in number renders combat difficult after they are well established.

When but a few invaders are discovered on a plant they may be easily removed with an old tooth brush or a thin bladed knife. Of course, those removed by either method should all be killed at once. If the brush is dipped in soapy water the pests are more easily dislodged. Care is necessary to search the leaf axils, as many mealybugs are difficult to see where they feed beneath the stems or in secluded nooks on the stalks.

One of the most effective sprays is composed of nicotine sulphate at the rate of one to two teaspoonfuls to a gallon of water in which a one-inch cube of ordinary laundry soap or two to three level tablespoonfuls of soap flakes has been dissolved. The soap is needed to permit the spray to adhere to and penetrate the oily white coat a mealybug wears. Spray liberally to cover the insects and not merely to coat the foliage. Death is caused by direct contact, also by lethal fumes which later arise from the spray. Therefore, sprayed plants should be covered at once with a snug paper cone or oilcloth to hold the fumes intact for 12 to 24 hours. Nicotine fumes are most effective if the plant is kept in a room where the temperature is at or slightly above 70 degrees.

Plants severely stricken by mealybugs should be burned in most cases, as they rarely recover and may continue as a propagating source for the pest. Or badly infested branches may be cut off and likewise burned. If new plants are brought into the indoor collection, they should be inspected carefully and kept in a separate group for a few days to avoid introducing this and other common enemies to the older plants.

All readers with house plant questions and problems are urged to write the editor for needed information. Merely enclose a 3-cent stamp for a personal reply by return mail.

Planting Pears For Home Use

Throughout most of the eastern half of the United States a new generation of people has grown up since the days when at least several pear trees could be found in small orchards or in backyards around almost every farm home. But about thirty to forty years ago pear blight began its destructive inroads and in less than two decades all but wiped out this prominent fruit. Today it is extremely difficult to "sell" the idea of growing pears to the rural public who is unacquainted with their many merits. Yet, based on the experience of growers who know, every farmer and gardener who has suitable sites should add a few desirable varieties to the home fruit orchard or even one or two trees in the backyard or along idle fence rows.

Planting in this latitude may be done in late October or early spring. If spring planting is practiced, soils should be prepared before winter. It may be the wiser course to plant half the prospective number of trees this fall and the remainder in early March. The chief objection to fall planting is the likelihood of alternate freezing and thawing over winter causing heaving, while prevailing winds may cause winter-killing. These dangers may be reduced greatly by providing good drainage, choosing site with care and mulching trees after the ground is frozen.

Preference should be given to eastern, north-eastern and north-eastern slopes for pears, with surrounding areas considerably lower than the orchard site in order to permit accumulating cold air to "drain off." Shelter on slopes to avoid early

Admiral Halsey Is Home On Furlough

Wilmington, Del., Oct. 19 (AP)—Admiral William F. (Bull) Halsey, commander of the famed Third Fleet, was home with his family in nearby Greenville today—and he brought souvenir miniature Jap flags for his three grandchildren and the saddle given him by Texas admirers to ride Hirohito's white horse in Tokyo.

The admiral, taking a short furlough before completing his last assignment on active duty with the navy, arrived at the New Castle Army Air Base in a non-stop plane trip from Los Angeles.

Halsey was preceded to Wilmington by his naval aide, Captain Harold F. Stassen, former governor of Minnesota, who made arrangements for the admiral's arrival.

blooming will permit escape from spring frost perils.

Soil for pears should be deeply porous and well drained with plenty of organic matter to a liberal depth. However, excess fertility is not advisable, as this promotes too rapid growth which in turn invites increased blight ravages.

One-year-old nursery trees, strong and well rooted, are recommended. These should be set 2 to 4 inches deeper than they grew in the nursery and should be pruned back to what is known as a "whip" immediately after planting. Prune back also all injured roots and shorten long roots to 4 to 5 inches. Spacing should be 15 to 18 feet apart in rows 30 feet wide or 20 feet apart each way, depending on growing habits of particular varieties.

Sterile varieties should be inter-planted with varieties known to furnish proper pollen. It is rarely safe to plant more than two rows solidly of one variety of pears.

Resistance to blight or immunity to the infection is by far the most important factor in seeking pear varieties. Unfortunately the popular Bartlett is highly susceptible. However, the Seckel, Kieffer, Garber, Anjou, Fame, Le Conte and Lincoln offer at least partial resistance. Growers should buy trees from a reliable nursery that guarantees this immunity.

To date no means have been devised to control blight except through resistant varieties. But after

102 YEAR OLD VETERAN DIES

Bradford, Pa., Oct. 19 (AP)—Eras-tus Rockwell Barton, onetime lum-berjack who fought in the Civil war under Gen. Grant and cast his first vote for Abraham Lincoln, died yesterday at the age of 102.

He was McKean county's last surviving veteran of the war of 1861. He enlisted after his father, Henry Barton, was discharged and fought 14 months with the 211th Pennsylvania, taking part in the battles of Stony Creek, Fredericksburg, Hancock Station, Petersburg and Richmond.

Friends said he was extremely active for one of his advanced years and told how he astonished relatives by dancing a jig on the dining-room table on his 100th birthday.

His eyes remained good until a year or two ago. He was well read and well-informed on American and international events.

For a long life, he advised youngsters to—
"Have a clear mind, keep up with

many years of threatened extinction the pear is coming back to American farms and orchards. There are now at least a dozen varieties which may be grown with the assurance that blight will not seriously injure the trees. This happy attainment should not be longer overlooked by the thousands who have never known the merits of having this fine old fruit to add to the home store for fall and winter use.

Veterans Protest Delay In Return

Manila, Oct. 19 (AP)—U. S. enlisted men in the Philippines, writing in the "letters column" of the army newspaper Daily Pacifican, accuse army authorities supervising the homeward shipment of veterans of stalling, inefficiency and promise-breaking.

The writers complained that the army was failing to make use of dozens of cargo vessels sailing empty for the United States. They said they sailed in these ships in various Pacific landings, and described as "phony" the army's solicitude for their comfort now.

Recently army officials said freighters were unsuitable for deploying troops home, but one letter said: "Give us a case of ten-in-one rations and we will be tickled to death to ride cargo ships home."

After the Civil war, they engaged in the lumbering business and helped found the timber village of Duke Center, near here. He ran the last logs down the Allegheny river from Duke Center to Warren in the '70s. His logging days over, he took up farming.

PULPWOOD

a good business to STAY in!

Many people around here started cutting pulpwood during the war as a patriotic measure. They also found it was good business.

We believe pulpwood production will continue to be a good business in peace-time as in war-time for both full-time and part-time producers.

It is a business with no re-conversion problem. There are shortages of all kinds of civilian needs that will keep the industry going at top speed

for a long time to come. And beyond that are a lot of new industrial uses for pulpwood developed during the war.

Every indication points to continued high demand and good prices for pulpwood.

JAP REDS ASK SOCIALISTS TO JOIN IN BREAK

Tokyo, Oct. 19 (AP)—Japanese Communist leaders asked the Socialist party today to join in a united front against the Shidehara government, which they said "has no ability to cope with the present situation."

The Socialists did not reply immediately. Further talks between the groups were set for tomorrow, but the National Federation of Toilers, a workers' organization strongly denounced the Communist suggestion at the first Toilers' mass meeting since the surrender.

Freeze Jewelry

Allied headquarters, which has been recovering hidden wealth in gold, silver and precious gems from Japanese chicken coops, barns and thermos jugs, froze the jewelry, precious metals and securities of Japanese nationals being repatriated. As they come back home, headquarters said, civilians may bring with them only 1,000 yen, officers 500 and enlisted men 200. Any currency, gold, silver, precious metals, jewelry, securities and financial instruments they may have above the amount allotted to them will be taken up by occupation authorities.

Also frozen by order of General MacArthur were the bank accounts of Ando Moku, chief of the personnel section of the Imperial Bank of Tokyo, and Imoi Meiji, president of the Chosen Bank at Seoul, Korea.

MacArthur's economic investigators alleged 3,000,000 yen had been transferred illegally from the Seoul branch of the Imperial Bank of Tokyo to Moku's personal account.

At Yokohama, Eighth Army officials said about 7,000 U. S. troops would soon leave the Fourth Re-Placement Depot for home aboard the U. S. S. Hayes, U. S. S. General Weigle, U. S. S. Pennant and U. S. S. Freeman. Ten thousand other troops have reported to the Seventh Re-Placement Depot at Kyoto for transportation home, but Sixth Army authorities said bad weather had delayed scheduled transport departures.

Says Britain Can't Give Long Credit

Shanghai, Oct. 19 (AP)—British Ambassador Sir Horace Seymour asserted today that Britain "simply isn't in a financial position" to help China through long term lend-lease, as the United States is planning to do.

His statement was in reply to a correspondent's comment that some British business men were greatly concerned that America long term loans were giving American business men a financial advantage in China.

"We must remember," the ambassador told his first press conference here, "that Britain's whole position has changed and that she now is the world's greatest debtor nation."

WARD COMPANY REGAINS FIRMS

Chicago, Oct. 19 (AP)—Fresh defiance of War Labor Board directives came from Montgomery Ward and Company today as it regained from the Army control of properties which were seized in seven cities by the government more than nine months ago after a prolonged dispute with a CIO union.

As the Army relinquished its control of the huge mail order house, effective at 11:59 p. m. (EST) Thursday, Sewell L. Avery, board chairman and central figure in the controversy with the union and the government, announced abolishment of compulsory maintenance of union membership and check-off of union dues.

These were the principal issues by the CIO Mail Order, Warehouse, and Retail Employees Union in contract negotiations. Ward's refusal to obey WLB orders embracing them precipitated two seizures of the company by the government. The last seizure, on the late President Roosevelt's order, was on December 28, 1944, and its legality still is in dispute before the U. S. Supreme Court.

When the Army took control the maintenance of union membership and check-off of union dues were inaugurated. Avery, in his announcement yesterday, termed them "illegal requirements."

Negroes Banned By Education Group

Wilmington, Oct. 19 (AP) — An amendment to the Constitution of the Delaware State Education association which would have allowed negro teachers to become members of the organization has been defeated.

A two-thirds vote favoring the amendment was required for passage. Of the 134 delegates of the representative assembly present last night, 76 voted against the amendment and 75 cast favorable ballots. Four persons did not vote.

All white teachers in Delaware are eligible to become members of the organization.

Bill Hits Snag On Appropriations

Washington, Oct. 19 (AP)—A bill to cancel out \$52,000,000,000 in federal appropriations ran into a snag today over a proposed new \$30,000,000 fund.

The biggest cash recovery measure on record, it is slated to be sent to the Senate by nightfall. There is a strong possibility, however, that it may run several days behind schedule.

Far overshadowing interest in the main proposal to cancel the \$52,000,000,000 appropriated or authorized for war spending is a Republican-backed move to turn the United States Employment Service offices back to the states along with a \$30,000,000 grant to cover USES costs.

Full Story Of Fire Loss To Tokyo Palace Is A Mystery

By RUSSELL BRINES

Tokyo, Oct. 19 (AP)—The full story of a fire that raged within the imperial palace compound after a heavy American incendiary raid on Tokyo, May 25, is hidden behind mysterious, brooding walls and sacrosanct tradition.

Correspondents were the first foreigners to confirm that at least one palace building—either a parttime imperial residence or a reception hall—was destroyed by fire in the attack. Quoting Japanese sources, they reported the destruction nearly a month ago. At the time of the fire, the Tokyo radio reported a burning in the outer compound was burned but the palace was saved.

The full story is limited to the testimony of court attaches who, overawed by imperial affairs, are reluctant to talk. Foreign unfamiliarity with the labyrinth of buildings, temples, reception halls and residences within the 531-acre compound makes it difficult to pinpoint the exact extent of damage.

Sparks Caused Fire

Available evidence indicates that sparks from burning buildings outside the compound fired a spacious wooden building inside. It apparently had been utilized as a reception hall.

The Japanese ordinarily do not consider such a structure as part of the imperial palace, but only as a building within the palace compound.

I visited the scarred earth and broken foundations marking the site of the building on Sept. 24. Imperial household attaches said I was the first correspondent to see the ruins. They apparently were anxious for a full and possible sympathy-creating report to the United States.

The area was probably 100 feet square, covered with white ashes, burned timbers, a few twisted pipes, and cracked concrete foundations. The site was atop an abrupt hill, approximately 300 yards from the Sakashita gate, chief entrance to the household ministry and other government buildings within the inner enclosure. The ministry, about 200 yards from the ruins, was untouched by fire.

Doubts Full Use

Attaches said the burned building was Hirohito's residence but that he was absent the night of the bombing. He may have utilized the building occasionally but its proximity to the gate and government buildings made it doubtful that it was a permanent residence.

When I requested permission to continue along the road leading over the hill, attaches threw up their hands in horror and said "that is impossible!"

I got the same answer when I asked to go toward a forest of beautiful trees a half-mile distant, in which I could glimpse numerous buildings. My Japanese escorts insisted that no other buildings about had been fire-damaged.

No Japanese yet have reproached the Americans for the damage within the compound, although stories of the destruction have been printed in Japanese newspapers.

Sees Peak Vet Load In Hospital In '65

San Francisco, Oct. 19 (AP)—Gen. Omar N. Bradley, veterans' administrator, left early today by airplane for Chicago after a brief conference with 18 directors of western veterans' hospitals during which Bradley predicted the facilities would be taxed with a peak load of 200,000 to 250,000 by 1965.

The administrator told newsmen this compared with 61,000 hospitalized 20 years after World War I. He estimated 83,000 veterans are in administration hospitals now.

GRAB CASE ON ARMS' CHARGE ARGUED TODAY

Argument on the case of E. G. Grab, Harrisburg street, who paid \$200 and the costs on a charge under the Uniform Firearms Act here last spring and now is seeking to have that penalty set aside, occupied nearly an hour of the Adams county court's time here this morning.

Sidney Friedman, Esq., Harrisburg, who now represents Grab, argued for more than 45 minutes that the pistol Grab carried last February to the Knouse corporation plant at Peach Glen where he was then employed was "not a complete firearm," that Grab had not waived any of his legal rights by entering a plea of "no defense" to the charge and coming into court for sentence, and that he could not be blamed for not exercising "due diligence" in placing certain facts before the court before he was sentenced.

Friedman pointed out the gun was unloaded and lacked a magazine without which, he said, the weapon could not be used. He declared "an injustice has been done" in this case, charged that Grab was "misled" by statements made by state police at the time of Grab's arrest. Friedman drew a correction from the court on his reference to the state police.

District Attorney J. Francis Yake in presenting his case to the court asserted the information against Grab was filed at his direction. He declared that for Grab to wait "three months" before coming to court with new evidence in his case on questions which Yake charged Grab had raised before he was sentenced was not displaying "due diligence."

Mr. Yake further pointed out to the court a special provision of the Uniform Firearms Act which provides for transporting damaged or defective guns "in a secure wrapper." He also raised the question of how far a magazine may be from a gun without making it an incomplete weapon. He charged that Grab is "guilty as charged."

Next procedure in the case will be the filing of an opinion by the court.

Argument also was heard briefly in an assumpsit action by R. M. Walton against E. Charles Matthias. The court made absolute an earlier rule for a more specific statement of claim and allowed 15 days for the filing of an affidavit of defense.

The Walton-Matthias case will be removed from the November trial list.

A petition for permission to amend a divorce libel by adding infidelity to the previous grounds of bigamy was filed in the case of Clair Bruce Plank against Ethel Martin Plank. A rule was awarded on the respondent to show cause why the petition should not be granted.

The court approved 11 administrators' accounts this morning and named Richard A. Brown, Esq., as auditor to dispose of exceptions and make distribution of assets in the estate of Edward Laughman. Another account was held up for later action.

Associate Judges A. Dale Knouse and J. Price Oyler were on the bench this morning with President Judge W. C. Sheely.

Robert E. Thompson Is Given Citation

Pfc. Robert E. Thompson, United States Marine Corps Reserve, son of Mr. and Mrs. Robert Thompson, McKnightstown, has been awarded the following citation by Major General C. B. Gates, Commander of the Fourth Marine Division:

"For excellent performance of duties in connection with operations against the enemy on Saipan and Tinian, Mariana Islands, from 15 June to 1 August, 1944. Serving as a motor vehicle operator in a Motor Transport Company, Private First Class Thompson repeatedly risked his life by driving his vehicle through concentrations of hostile enemy forces in order to transport urgently needed supplies. His conduct throughout was in keeping with the highest traditions of the United States Naval Service."

Before going overseas, Technician Galloway trained at Fort Knox, Ky., Pine Camp, N. Y., Tennessee, Desert Training Center, California and Camp Bowie, Tex.

He entered the service June 4, 1941, and served 21 months overseas as a truck driver. A brother, S. I. C. H. R. Galloway, is serving with the Navy.

TWO CRASHES SUNDAY; ONE TO BE NABBED

One woman was slightly injured and one driver charged in traffic mishaps on county highways on Sunday, state police here reported this morning after conducting investigations.

One crash occurred at Cross Keys on the Lincoln highway when Florence Mummert, Hanover R. 1, drove onto the Lincoln highway from the direction of Hanover and struck the left side of a car operated by John T. Hummer, York. The woman driver told officers she looked to the left before driving onto the main road.

She is to be charged before Justice of the Peace H. C. Brinton, Berwick township, with failing to yield the right of way.

No one was injured in the collision but damage to the two cars was estimated at about \$85.

Woman Is Injured

The second crash occurred at the Heidlersburg intersection at 7 p. m. Cars operated by H. P. Phillips, York Springs R. 2, and Margaret Bernice Bowers, Shiremanstown, collided as they entered the intersection from opposite directions on the East Berlin-Biglerville road. Each attempted to make a left turn and they collided.

Nellie Bowers, also of Shiremanstown, was treated for chest injuries by Dr. P. J. McGlynn, Biglerville, at his office.

The investigating officer said no charges have been laid. Damage to the two machines was placed at about \$15.

COUNTY NURSE IS DECORATED

First Lt. Catharine N. Keefer, ANC, York Springs, has been awarded the Bronze Star Medal for "Meritorious achievement in direct support of combat operations against the enemy at Calasiao, Pangasinan, Luzon, Philippines, from February to March 22, 1945."

Lieutenant Keefer, as surgical supervisor, contributed immeasurably in aiding the 360th Station Hospital in the successful accomplishment of its mission of caring for battle casualties.

The prompt and highly efficient manner in which she organized and deployed her surgical service played an important part in the proper care of seriously ill and wounded patients, the citation said.

A graduate of the Harrisburg Hospital Training School for Nurses, where she did graduate work, Lieutenant Keefer is the daughter of Mrs. Catherine S. Keefer, York Springs. Enlisting in the Army Nurse Corps in August, 1941, she served at Craig Field, Selma, Ala., before she was sent overseas in January, 1944.

OBSOLETE GUNS AVAILABLE FOR TOWN DISPLAYS

Thousands of obsolete guns, howitzers, tanks and other ordnance items will soon be released to take the place of the community's old cannon or howitzer that went to war via the nation-wide scrap drive, Brig. Gen. John W. Coffey, commanding Letterkenny Ordnance Depot, announced Wednesday.

After Pearl Harbor many communities and organizations swelled desperately needed scrap piles with their Civil War cannon and pyramids of cannon balls. Town squares were stripped of all World War I weapons to add to the drive.

These community organizations can now apply for items of obsolete combat materiel which the ordnance department is authorized to scrap according to a recent policy announced by Maj. Gen. Henry B. Saylor, deputy chief of ordnance in Washington.

Eligible Receivers

Also eligible are posts of the Veterans of Foreign Wars, American Legion, Grand Army of the Republic, Sons of Veterans Reserve, and other war veterans' associations, non-profit museums and municipal corporations.

About 4,000 weapons valued at more than \$10,000,000 in original cost have been declared obsolete by the War Department. Over 2,000 of these weapons are big guns and howitzers.

Organizations applying to the Chief of Ordnance, Washington, D. C., for these obsolete weapons must assume all packing, handling and transportation expenses from the nearest depot. Howitzers weigh about 12,000 pounds; big guns run about 26,000 pounds, light tanks tip the scales at about 33,000 pounds, and transportation expenses should be considered before ordering a new decoration for the village green.

100 LOCAL WAR PRISONERS AT LETTERKENNY

A detachment of local German prisoners of war, with American guard complement, has been assigned to Letterkenny Ordnance Depot, Chambersburg, as a labor unit, it was announced today by Brig. Gen. John W. Coffey, depot commander.

The detachment, consisting of 100 men in command of Capt. John J. Mullings, arrived at the depot at 3 o'clock Monday afternoon and was assigned quarters in a stockade established in the depot troop area, no longer occupied by American troops.

The Germans will be used at Letterkenny only on work for which there are no appropriated government funds, and under no circumstances will they be used for work where civilian labor is available. General Coffey emphasized in announcing the assignment of the men to Letterkenny, "No civilian worker at Letterkenny will be released due to the presence of this unit. Due to the recent departure of the depot's battalion of Italian Service Unit workers, Letterkenny was confronted with a labor shortage which will be alleviated to some extent by the German prisoners of war."

On Different Status

Since this detachment will be composed of regular prisoners of war under unqualified status, their activities and administration will be under a different plan than were those of Italian Service Unit members.

"This detachment of German prisoners of war has proven to have been highly satisfactory as a labor unit at all other places where it has been used," General Coffey stated. Letterkenny is exceedingly fortunate in being able to get them to perform a great deal of work that must be done at this time. The work that these men will do will be of benefit to all personnel and the depot, work which would be impossible to accomplish without them."

Notify Firm Of Stream Pollution

The B. F. Shriver company at Littlestown is one of 102 industrial concerns in Pennsylvania being notified that the state Sanitary Water board expects them to cooperate in the Commonwealth's stream clearance campaign.

The firms are told in letters which were in the mail Wednesday at Harrisburg that they have until next June 1 to abate present pollution of streams or have plans ready for treatment works.

Before entering service he taught health and social studies at New Cumberland high school. He received his M.A. degree from Penn State. His wife is the former Miss Anna Orner, daughter of Mrs. Laura Orner, Biglerville R. 1. They have one child.

HOLD COUNTIAN ON ARMS CHARGE

A state police investigation, begun a month ago with the arrest of a 14-year-old county boy armed with a .22 calibre revolver on a burglary charge, resulted Friday in the arrest of two other minors and Eugene E. Weidner, 21, York Springs R. 2, on a charge of furnishing firearms to minors.

The two minors, aged 16 and 17 years, will be arraigned in juvenile court.

Weidner was arraigned before Justice of the Peace Robert P. Snyder this morning where he signed a plea of guilty.

State police said that three loaded revolvers have been taken from the three juveniles involved in the month-long investigation. One of the guns had been stolen, the officers said.

When a home near York Springs was burglarized and a watch and cash stolen, state police from Gettysburg were called in and arrested a 14-year-old boy in whose possession was found a loaded gun. That youth already has appeared in juvenile court.

Paralysis Victim Returns To His Home

Paul Kump, aged 14 years, son of Mr. and Mrs. John Kump, near Littlestown, Adams county's sixth and most recent victim of infantile paralysis, was returned to his home Monday evening by ambulance from the Harrisburg hospital where he had been a patient since his case was diagnosed on September 24. Except for some weakness in his legs, he has no ill effects.

SAILOR GIVES MANY BOOKS TO LOCAL LIBRARY

Signalman (3-c) Paul W. Thomas, son of Mr. and Mrs. Paul D. Thomas, Howard street, a veteran of three and a half years of Navy service much of it on sea duty, has turned over his collection of boys' adventure books and classics to the Adams County Free Library.

Miss Kathryn Oller, county librarian, included the Thomas gift in a list of contributors of books and magazines during the current Book Drive that opened at the library Monday and is continuing through the week.

The local sailor's books were turned over to the library by his parents at his direction. Signalman Thomas, who has made eight Atlantic crossings and has traveled as far as Calcutta, India, as a member of an armed guard on Liberty ships, is leaving the west coast this week, possibly for Japan.

Need Children's Books

The Book Drive is going "very well" Miss Oller reported today and added that the gifts to date have been representative collections of classics; light novels, both old and new; histories, language books but only a few children's books. Books for children are one type of reading matter specially needed at the library and unless adequate donations are received, volumes of that type will have to be included in the purchases for the library.

Other donations listed today by Miss Oller included: Books from J. Frank Dougherty; books and magazines from Dr. John S. Glenn; books from Mr. and Mrs. E. F. Larson; magazines from Mrs. H. Milton Roth and from Dr. and Mrs. W. C. Waltemyer and books from Dr. Frank J. Clutz.

Miss Oller has received reports from other county communities that donations of books and magazines are being gathered at central points and will be brought to Gettysburg soon.

Martin A. Redding Buys Local Store

Martin A. Redding, who lives on South Washington street near Steinwehr avenue, has purchased Miller's auto and hardware store at 22 Baltimore street which he has managed for the last 16 years.

He will continue the business at the same location under the name of Redding's supply store with a larger line of automobile accessories, home supplies, hardware and toys.

Mr. Redding bought the store from Michael Miller of York, owner of a chain of auto supply and hardware stores.

Co-ed Is Injured In Auto Accident

Miss Helen Stitt, a Gettysburg college student, was treated at the Warner hospital Tuesday evening for face injuries she received when she was thrown against the windshield of her brother's car when it struck a pole on a sharp curve just west of Brushstown on the Gettysburg-Hanover highway.

The machine was operated by Cpl. Hugh P. Stitt, of Kittanning, and was traveling from Hanover to Gettysburg when the mishap occurred about 10:30 o'clock.

State police here investigated and estimated damage to the Stitt car at about \$300.

PRESBYTERIAN MEN ORGANIZE LAYMEN GROUP

Men of the Presbyterian church here organized at a dinner meeting last Thursday evening at the church designating their officers as an executive committee to plan bi-monthly meetings. The Presbyterians are the second local group of church men to organize last week.

The business session followed a talk by Dr. Thomas L. Cline, president of the recently organized community laymen's group, in which he explained the background and purposes of the interdenominational organization.

Declaring that as a better America is to be built, Americans must become "more alive" to the needs of their communities, the speaker said that if laymen don't take a greater part in building better homes and better churches our community life will not be improved.

Promote Fellowship

The promotion of better fellowship between the laymen of the community and an objective of bettering conditions in our community for both young people and adults were listed as purposes of the community laymen's organization. Specific projects have not yet been decided upon, Doctor Cline said.

He announced a laymen's mass meeting for late November when a prominent layman will speak here. Work of the community laymen's organization is planned by conferences between key representatives from men's groups of the various churches of the town.

Judge Sheely Presides

Prof. Herbert Hamme was elected president of the Presbyterian men. Ralph E. Arnold was elected vice president; G. W. Lefever, secretary, and Sydney Poppay, Jr., treasurer. The date for their next meeting was tentatively set as Sunday, December 2.

Judge W. C. Sheely served as toastmaster and presided until the men named a president. As he introduced the speaker, the judge referred to "a sphere of work definitely needing the united action of church men of the community."

The Ladies Guild of the church served a turkey dinner to the men.

The other men's organization reported this week took place Sunday evening at Christ Lutheran church when they elected Doctor Cline as president of the Men of Christ church. They chose Prof. C. E. Bilheimer as vice president; and Russell A. Campbell as secretary-treasurer. They arranged for monthly meetings on Sunday evenings.

R. C. TO CLOSE OVERSEAS KIT BAGS PROJECT

The packing and filling of kit bags to be given to men bound for overseas duty ended Wednesday for Adams county chapter of the Red Cross with the shipment of 36 completed kits and 113 unfilled kit bags.

The making and filling of overseas kit bags by Red Cross volunteers has been a part of the war program of the county chapter since the fall of 1942.

Since then, chapter records show, a total of 1,821 completed kit bags and 513 of the unfilled bags have been produced, filled and packed here. Red Cross workers at ports of embarkation distributed the kits to men as they boarded ships for foreign duty.

Each bag contained a pocket size novel or mystery story, writing paper, a pencil, a small sewing kit and other small, useful articles.

The chapter also shipped a number of other articles that were begun before the end of the war and have since been completed for use.

Two knitted army helmets, four army mufflers and 41 v-neck army sweaters have been sent to Camp Atterbury, Ind., and two navy sweaters have been shipped to Sea Girt, New Jersey.

Last week four afghans made here were sent to the Valley Forge hospital for the use of wounded veterans. A note of thanks already has been received from hospital authorities.

SGT. SMITH HOME

S. Sgt. Francis Smith, son of Mr. and Mrs. Earl Smith, Chambersburg street, returned to Gettysburg Friday on a brief leave from Indian-town Gap preliminary to his discharge. He has been in the service 5 years and wears five battle stars on his European Theater ribbon. Two brothers remain overseas, Pvt. Dale Smith, either the Philippines or Japan, and S. Sgt. Robert Smith, who is with the Air Corps in China.

School Bus And Automobile Crash

Damage totaling about \$110 was caused Tuesday afternoon at 4:30 o'clock when a school bus and an auto collided near Wolf's garage in York Springs on the Gettysburg-Harrisburg highway. No one was injured.

State police investigated and said that Paul W. Wolf, Harrisburg, formerly of York Springs, was attempting to make a left turn toward the garage as a car operated by Ann Dorothy Chakren, Elizabeth, N. J., attempted to pass the bus.

No charges have been brought.

WELFARE GROUP TO MEET HERE ON OCTOBER 23

One hundred fifty persons interested in welfare problems in Adams, Cumberland, Dauphin, Juniata, Lancaster, Lebanon, Mifflin, Perry and York counties are expected to attend Region 8 sessions of the Pennsylvania Welfare Conference to be held in St. James Lutheran church here on Tuesday, October 23.

The conference theme will be "Reconstruction of the American Home." Morning, luncheon and afternoon sessions will be held.

The Rev. Dr. Dwight F. Putman, pastor of Christ Lutheran church, is chairman of the program committee for the Gettysburg meeting and Mrs. Verna Myers, executive director of the county Public Assistance office, is in charge of local arrangements. Mrs. Elizabeth Grieb, executive secretary of the Adams County Child Welfare Services, is a member of the executive committee for the region.

To Hear Three Speakers

Registration is scheduled to begin at 9:30 a. m. on the meeting day with the morning session scheduled to begin at 10 o'clock. The topic for that meeting will be "The Basis for Reconstruction and Our Resources for the Task" and the speaker will be Dr. Bertha Paulsen, professor of sociology at the seminary here. The Rev. Dr. Harry L. Saul, pastor of the First Lutheran church of Carlisle, will preside in the morning.

"How Can Religion Help" will be the subject for the noon luncheon meeting. The speaker will be the Rev. W. Lynn Crowding, superintendent of the Sunbury district of the Central Pennsylvania Conference of the Methodist church. Mrs. Gibson Smith, chairman of the advisory board for children's services in York, will preside.

Dean W. E. Tilberg of Gettysburg college will be the presiding officer for the afternoon meeting at which Grant D. Brandon, Lancaster's superintendent of Recreation, will speak on "How Can Recreation Help?"

Clergymen, teachers, members of the boards of all sorts of welfare groups, county commissioners, volunteers and others belong to the conference. Other interested persons are invited to attend the conference sessions. There is a nominal registration fee for non-members.

THOMAS GIVEN SERVICE PIN

Edmund W. Thomas, chairman of the Adams County War Finance Committee, was presented with a "recognition pin" for his services in war bond drives since the inception of the campaigns, at the dinner-meeting of the State War Finance Committees of the "All-Star Eleven" counties in this region Friday evening. The other county chairmen received similar pins.

Mr. Thomas headed a delegation of fifteen countians to the dinner-meeting in the Penn-Harris hotel, Harrisburg, where Lt. Col. Gregory Hoyington, Yankee Marine flier who downed 28 Jap planes and then served fourteen months in Japanese prison camps, was the principal speaker.

Awarding the "recognition pin" came as a surprise to Mr. Thomas. He is the only county chairman in the "all-star eleven" who has served in that capacity since the bond drives started. He also is one of the few chairmen in the state who have served continuously throughout the campaigns.

Adams county is one of the counties in the state which exceeded every war bond quota.

HOME FROM EUROPE

Pfc. Guy M. Kump is spending several days with his parents, Mr. and Mrs. Calvin Kump, McKnightstown R. 1, after arrival in the United States recently following over two years of service with the infantry in Europe. At the conclusion of his furlough he will report at Indian-town Gap.

YOUNG DELPHEY SENTENCED TO YEAR IN JAIL

Charles Richard Delphey, 21, Gettysburg, who had pleaded guilty to robbing the home of his foster-father, Charles Phylander Delphey at Aspers of \$850, was sentenced to serve a year in the county jail by Judge W. C. Sheely in court Monday morning.

Delphey had admitted that he stole the money from between mattresses on the elder Delphey's bed several days after the latter had been reported missing. The senior Delphey later was found dead with an autopsy showing he died of natural causes.

Young Delphey, also charged with a serious offense, drew a three-month sentence on that charge but it will run concurrently with the longer term.

The cash recovered from young Delphey and the two rings and the wrist watch Delphey purchased with the stolen money were shown to the court. All will be turned over to the estate of their deceased owner. Young Delphey admitted in court Monday a federal conviction in Florida on a car theft charge and a conviction in Baltimore for selling gasoline stamps. He also told the court he had been discharged from the service for a fraudulent enlistment. He said his foster-father had reared him from the age of two.

Robert Crum, Biglerville R. D., who was in court on a charge of driving a car while his operating privileges were suspended, his second offense, was given 60 days in jail and ordered to pay the costs. On his first offense, he told the court, he drew 45 days.

Parker Swope, Silver Run, Md., charged with failing to reveal his identity at the scene of an accident, was ordered to pay \$50 to the county and pay the costs of the case. State police brought the charge.

Clarence L. Warren, Fairfield R. 1, who last week pleaded guilty to a hit and run driving charge and another count of turning off his lights to avoid identification, came into court for sentence this morning admitting the first charge but denying that he had turned off the lights of his car as he left the scene.

When asked by the court why he had pleaded guilty to the charge last week, he said "they scared me" without indicating to whom he referred as "they." Judge Sheely allowed him to withdraw the "guilty" plea on the lights charge and deferred sentence on the hit and run case until the other is disposed of. Warren likely will be listed for trial in November.

R. L. Stenger, Waynesboro, prosecutor in the Warren case, told the court that Warren deliberately turned his machine into the Stenger car as Stenger attempted to pass him in Gettysburg.

In accordance with terms of an agreement between counsel, the court sentenced Paul Wolf, York Springs, to pay \$15 per week for the support of his two children in a non-support case brought by his wife, Dorothy. Wolf was ordered to post a compliance bond.

Non-Support Cases

After a hearing on the reopening of an old non-support charge against Louis Chamberlain, Gettysburg, the court ordered Chamberlain to pay \$10 weekly for the support of his wife and children, pay the court costs and post a compliance bond.

The case of Simon Kuhn, Gettysburg R. 5, was listed as settled after terms of agreement were read to the court.

Clarence Gilbert, South Mountain, who has not paid any court costs in a year in an old support case, was given until November 9 to pay up. Gilbert explained he is living on public assistance money and is unable to work because of ill health. He said he has a "doctor's certificate."

William Timmins Given Discharge

Chief Carpenter William T. Timmins, 47, USNR, has been released to inactive duty by the Navy's Separation Center at the Philadelphia Navy Yard. He also served in the first World War.

Carpenter Timmins has served overseas as an officer in the American and Pacific Theatres.

He graduated from Gettysburg high school and prior to entering the Navy was employed at the Navy Special Ordnance Plant, York, as an electrician.

He resides on Buford avenue.

HIGH GRIDDERS DRUBBED 27-0 BY WAYNESBORO

Gettysburg high school's football team suffered its third straight reverse last Friday evening when Waynesboro handed the Maroons a 27-0 jolt on the Tornado's home field before a large throng of spectators. The Maroons were fortunate the score was not higher as Waynesboro had two touchdowns nullified by penalties and two passes were dropped in the end zone by receivers.

Highlight of the game was Warner's 75-yard run for a touchdown in the first period after intercepting a Maroon pass following a minute and a half of play.

Mattlingly ran the opening kickoff from the 25 to his own 35-yard line. A pass to Rasmussen was good for a first down on the 46. Hess hit the line for four yards and Wolfgang added another. Hess then passed to Rasmussen on the Tornado 40 for another first down. The Maroon drive suddenly blew up when Warner stole a Maroon toss from the air and streaked down field for the score. Dull plunged over for the extra point.

Tackling Fails
A few minutes later Waynesboro tallied again. Wolfgang returned the kickoff to the 21. After failing to gain the Maroons punted out to the 45. Dull carried the ball three straight times for a first down on the Maroons' 31. Geesaman picked up four yards around right end and then Dull circled right end, shook off a flock of Maroon would-be tacklers, and scampered 27 yards for the tally. Dull failed to convert the point on a line jab.

Another pass interception near the end of the first period set the stage for the third Waynesboro score early in the second quarter. Dull, the outstanding star of the evening, intercepted a pass on the Maroon 47 just before the period break. Upon resumption of play he hit center for a yard. A Waynesboro aerial was then batted down but on the next play Dull broke away and raced 45 yards for a score. He placed-kicked the point.

Coach Burger's Blue and Gold lads put on an uninterrupted march of 80 yards for the final touchdown in the third period. Gorman kicked off and the ball went into the end zone. Dull and Geesaman shared honors in the drive with Geesaman finally circling right end from the 9-yard stripe for the tally. Dull again converted on a placement.

Maroons Hold
Midway in the final period Waynesboro reached Gettysburg's 15 but a 15-yard penalty for holding put the Tornado back on the 30 and a little later the Ridinger-men took over on the 23.

Coach Ridinger's lads never threatened after the first minutes of play. In Dull Waynesboro uncorked a back who will cause plenty of trouble for future opponents.

HOLD COUNTY ON 3 CHARGES AFTER ACCIDENT

A New Oxford motorist who fled the scene of a minor traffic accident at the eastern edge of Heidlersburg on the East Berlin road Wednesday afternoon is in the county jail here today charged with hit-and-run driving, drunken driving and resisting arrest.

The defendant, Eugene Shaffer, 29, New Oxford, has signed pleas of guilty to all of the charges filed by state police before Justice of the Peace John H. Basehor. He was jailed in default of \$500 bail on each charge.

State police who investigated said that Shaffer's car sideswiped a machine owned by Mrs. Neoma Stevens and operated by H. T. Stevens, both of Heidlersburg. Only about \$25 damage was caused by the collision but Shaffer did not stop and Stevens followed the other driver to the residence of Shaffer's wife, about three miles east of the scene of the accident.

The policeman returned to Gettysburg, swore out a warrant for Shaffer's arrest and returned to Mrs. Shaffer's home in the company of another officer. Shaffer then accompanied the officers without any trouble.

Taken into custody about 7 o'clock, Shaffer was jailed and later in the evening was arraigned before Justice of the Peace Basehor where he signed the guilty pleas and was returned to his cell.

NO TAX APPEAL HEARINGS WILL BE HEARD HERE

Setting a record never before approached in this county and possibly not equalled in the state this year, the Adams county commissioners announced, following their weekly meeting Wednesday, that no tax appeal hearings will have to be conducted in the county this year.

Last year there were four appeals and in 1942, the last year for appeals under the old triennial assessment law which was brought to an end in 1943, there were more than 60 property owners in various parts of the county who appealed to the commissioners for reduction in the valuations placed on their properties by the respective borough or township assessors.

Under the present law that displaced the old triennial assessment plan appeals may be taken to the commissioners during a specified period each year.

HOLD FUNERAL TONIGHT FOR DR. F. H. KNUBEL

(Reprint from Thursday)
The Rev. Dr. Frederick H. Knubel, who died Tuesday morning, was the first president of the United Lutheran Church in America. He was elected to his office on November 14, 1918, while just outside the doors the streets of New York still rang with the celebration of the first Armistice Day. It was the first convention of the most extensive Lutheran merger to take place in the United States—a union of the general synod, the general council, and the United Lutheran Synod of the south—and marked the birth of the largest Lutheran body in America.

The new president of the new church was pastor of the Lutheran Church of the Atonement in New York city, a congregation which he had organized 22 years before.

Born In New York
Born in New York city May 22, 1870, and educated in New York public schools, College of the City of New York and Packard's Business college, Mr. Knubel, following the footsteps of his father, was employed for three years by a business firm in the city. Having decided to study for the ministry he entered Gettysburg college, graduated as a first honor student, and continued post graduate work at the institution, while studying at the Gettysburg Lutheran Theological seminary, made famous 30 years before when it was the scene of one of the three days' Battle of Gettysburg.

His business training and an aptitude for mathematics and orderly arrangement led to an efficient organization of his congregation in New York. Under Dr. Knubel's leadership, the Church of the Atonement specialized in education and works of mercy and through the congregational work Dr. Knubel became interested in the educational and merciful work of the church at large. He became a director of the Deaconess Board of the General Synod, urged the establishment of a Board of Inner Mission, supervised the special welfare operations of the church and served as its president until 1918.

Organized Council
During the first World War, Dr. Knubel was president of the National Lutheran Commission for soldiers' and sailors' welfare, the counterpart, 25 years before, of the Lutheran Service Commission of World War II. Interested in further cooperation between the Lutheran general bodies in North America, Dr. Knubel was influential in the organizing in 1919 of the National Lutheran Council, on the executive board of which he served many years. He was influential in 1923 in the international movement which led to the establishment of the Lutheran World Convention and since 1935 served as first vice president of that body. Throughout World War II he was chairman of the American section of the Lutheran World Convention which disbursed millions of dollars for overseas relief and orphaned missions.

Doctor Knubel was also the honorary president of the Lutheran Church of Latvia, trustee of Gettysburg college, honorary vice president of the American Tract society; director of the American Institute of Christianity; chairman of the committee on Mercy and Relief of the Federal Council of the Churches of Christ in America; member of the American Church History society; honorary vice president of the American Bible society; officer or trustee of several social welfare institutions, etc. He has contributed numerous sermons and articles on theological and general Christian subjects to magazines and church periodicals, and chapters to various Christian record books, and was editor in 1927 of a series of four volumes on the United Lutheran Church entitled "The Key Books."

Honorary Degrees
Honorary degrees include doctor of divinity from Gettysburg college, 1911; doctor of laws from Thiel college, Greenville, Pa., 1919; doctor of sacred theology from the University of Syracuse, 1930; doctor of letters from Midland college, Fremont, Neb., 1928; doctor of humane letters, Muhlenberg college, Allentown, Pa., 1940. He was a member of the Phi Beta Kappa honorary scholastic fraternity.

Doctor Knubel lived with his wife and daughter in New Rochelle, N. Y., a suburb of New York city. A son, the Rev. Dr. Frederick K. Knubel, is president of the United Lutheran Synod of New York.

Elected to the same office for 13 successive terms, Dr. Knubel at the beginning of his seventh term as president of the United Lutheran Church in America, in the fall of 1930, was characterized by Time magazine as follows: "Probably because he is a personification of their mixture of mysticism and practicality the United Lutherans elected for his seventh term as president, Frederick Horman Knubel, 60, of Manhattan. He is tall, wiry active man who does not require his Vandike beard to point up his distinguished hearing. He hates procrastination or inactivity, despises every form of cant."

Doctor Knubel's disappointment that it was physically impossible for him to visit each of the 4,046 congregations in the United States and Canada was mitigated to a degree in 1938 when "The Thunder of the Sea," a sound motion picture produced to promote the church's 20th anniversary appeal presented the

President James S. Cairns and 13 past presidents in attendance helped light the 25 candles on a big birthday cake at the speakers' table. Specially honored were the four charter members who were present from among the original 20 who formed the Gettysburg Rotary club.

The guest speaker was Mayor Theodore Roosevelt McKeldin of Baltimore.

Official greetings and congratulations from Rotary International were conveyed by Rotary District Governor Philip Deane, of York, who lauded the local club for its record of "25 years of good fellowship, friendship and accomplishments in your community."

Present Greetings

President William Beckner, of the York club, which sponsored the formation of the Gettysburg club in 1920, assured the assembly that "Papa is proud" of its Gettysburg "offspring" while President Walter Crouse of the Littlestown Rotary club and Roland E. S. Swan, secretary of the Hanover club, brought greetings from their clubs. Littlestown was sponsored by the Gettysburg club and Littlestown in turn sponsored the formation of the Hanover club.

With President Cairns presiding the program got underway with the singing of "America" after which O. H. Benson delivered the invocation. While the clubmen and their wives and other guests enjoyed a roast turkey dinner, there was music by the Spring Garden Ensemble of York.

Past presidents of the club who were present were introduced in this order and each lighted a candle on the birthday cake: M. C. Jones, the club's first president; Samuel G. Spangler, Edmund W. Thomas, E. V. Bullett, Esq., Frederic E. Griest, H. Wilbur Baker, J. Price Oyler, J. I. Burgoon, Charles L. Eicholtz, Dr. Rasmus S. Saby, Paul A. Kinsey, Dr. Frederick Tilberg, Walter T. Africa and President Cairns. Vice President Dr. Chester N. Gitt was in charge of the ceremony at the birthday cake and lighted a candle for each absent or deceased past president as the names were called.

As waitresses cut the cake which then was served to the diners, the group sang "Happy Birthday."

Baltimore Mayor Speaks

The names of the charter members of the club were read but only four were present. Eight are deceased. Those present were Messrs. Jones, Thomas, Griest and Gitt. There was special music by the string ensemble and group singing was led by President Beckner of the York club and Dunning Idle, Jr., of the Gettysburg club.

Guests were introduced who, in addition to the visiting Rotarians, included Walter E. Beuchelt, secretary to Mayor McKeldin.

The address by Mayor McKeldin was well received by the clubmen and their guests. Using many illustrations, most of them humorous, to emphasize the more serious message in his address, he listed as "The Six Greatest Words" these quotations: "Know thyself," from Socrates; Cicero's advice, "Control thyself," and the Galilean's exhortation, "Give thyself."

President Cairns specially thanked the club's committee on the anniversary arrangements; Doctor Gitt, Doctor Tilberg and Past President Africa. The program concluded with the singing of the national anthem.

Change Procedure In Selling Cars

Effective October 22, sellers of used passenger automobiles, rather than the purchasers, hereafter will be required to file certificates of transfer with local OPA War Price and Rationing Boards, Walter C. Young, District OPA Director, announced Tuesday.

Piling of the certificate is necessary, Mr. Young said, to keep a check on prices for used cars. When gasoline was being rationed, he added, it was necessary for the purchaser of an automobile to go to his local rationing board to obtain a gasoline ration book. At the same time, the purchaser usually filed a purchaser's statement in which the price he paid for the car appeared.

With today's action, the purchaser's statement is being abolished, relieving the purchaser of the necessity of making a trip to this ration board.

The same procedure with regard to filing of certificates of transfer by sellers of used commercial motor vehicles and used motorcycles is to be provided by OPA in the early future.

START LOCAL "BOOK DRIVE" HERE MONDAY

This week is Book Week in Adams county.

The Adams County Free Library, which until recently has had to ask prospective donors to delay their gifts for lack of a place to store the books, now is ready to receive donations of books and magazines at its headquarters at 135 Carlisle street, Gettysburg. Miss Kathryn Oller, county librarian, has announced.

A special appeal for donations of books is being made from October 15 to 20.

Residents of county communities are asked to collect their books in a central place for each area and then notify the librarian who will arrange to have them taken to Gettysburg.

Miss Oller urged that gifts of books be made "with no strings attached." She will select the volumes suitable and usable for the library and the others will be sold for salvage with the money received going for the purchase of new books.

Open To Countians

One means of donating books to the library already used by several persons has been to direct Miss Oller to order needed books and send them the bill. Required books not received through donations will have to be purchased, Miss Oller pointed out.

All books will go into the central collection at Gettysburg and from there will be available to every man, woman and child in the county by delivery with a bookmobile or by mail.

Miss Oller also is eager to find persons who are willing to turn over to the library their current magazines as rapidly as they are finished with them, either weekly or monthly.

Types of books particularly sought in the Book Drive have been listed as follows by Miss Oller: Encyclopedias, not too old.

Dictionaries, both abridged and unabridged.

Light fiction to heavy fiction, both old novels and present day best sellers will be most acceptable.

Books of biography, travel, old and new.

Children's books.

Technical books and scientific books, not too old (past five years).

World Almanac, one or two years old and other "quick reference" books of that nature.

Classics—good, readable editions. An unlimited number of these can be used.

To this list of suggestions Miss Oller added the observation that "almost any book you have enjoyed and think others will enjoy will be acceptable."

An unlimited number of magazines can be used. When a complete magazine file is established for the county library for reference, the others will be turned over to the deposit stations and schools throughout the county.

Miss Oller listed these magazines as being typical of the kinds desired:

Life, Reader's Digest, Atlantic Monthly, Saturday Evening Post, Time, Newsweek, U. S. News, McCall's, Ladies Home Journal, Good Housekeeping, Christian Century, Fortune, Harpers, Children's (Children's Activities, Jack and Jill, Wee Wisdom, American Girl, American Boy; no comic books, however), National Geographic, etc.
